- IV. I am over 18 years of age. or I am a Parent/Guardian of the above-mentioned applicant
- V. I release Carmarthenshire Land Sailing Club & members of the committee from any liability for damage, injury or death to any person or property.

Applicant's Signature (Parent/Guardian of Junior Member): Date:.....

Please note that the Carmarthenshire Land Sailing Club reserves the right to refuse membership to the club and to terminate membership should the individual not abide by club rules set by the committee.

Important Information regarding your 2017 Membership

2017 Insurance Terms & Conditions.

Permission by the landowners to use Beaches within the UK

The CLSC provide 10 million pounds of third party public liability insurance to its members for land sailing on any beach in the UK providing the CLSC has obtained written permission from the land owner. Currently we have written permissions to use the following beaches: Cefn Sidan (Pembrey), Pendine, Westward Ho, Tenby South, Porth Newgale(Gwynedd), Harlech (Gwynedd), Morfa Bychan Beach (Black Rock Sands) Mochras Beach (Shell Island) down to Tal-y-bont (Gwynedd).

We are working with other land owners for written permission to use other beaches within the UK our members may wish to use. Throughout the year additional beaches or amendments to the terms and conditions of authorised beaches may change and will be updated in the CLSC Hand Book.

When taking part in land sailing on Cefn Sidan (Pembrey) and Pendine beaches you must be a member of CLSC. In order to demonstrate this you must also sign in and out of the Pilot's log book held within the containers before sailing on the beach and on return. CLSC identification bands must be visually displayed on your craft or on your person.

On all beaches you must carry your membership card and the 2017 CLSC proof of insurance at all times when sailing. Suitable clothing and a helmet displaying the 2017 sticker must be worn at all times. You must abide by the terms and conditions of the land owners, associated bodies and their representatives and ensure that local byelaws are always observed and complied with. These are detailed in the CLSC Handbook along with general sailing safety rules, risk assessments, guidance notes and Wind Zone Maps.

It is advised that you familiarise yourself with any amendments by visiting our web site at <http://www.clscuk.co.uk> on a regular basis.

Insurance cover outside the UK

Our policy covers an organised event by the officers of the CLSC outside of the UK anywhere in the world. The Officers of the CLSC must provide details of the organised event to the insurance company for permissions.

Individual CLSC members are not covered under the policy if outside the UK

Insurance Cover for Injuring another Pilot.

You will have the benefit of third party cover should you be responsible for injuring another member of CLSC, however, you will not have any protection from our policy for any injuries, conditions or life changing disabilities sustained to yourself.

The policy also covers racing at an organised event and provides competitor to competitor cover. You will have the benefit of cover should you be responsible for injuring the other person, however, the other person may not have the same protection from their policy if they cause injury to yourself.

Please note no personal injury insurance is provided by the CLSC insurance policy.

Reporting an Accident

If you are involved in any incident that involves a member of the public, animals or another pilot it must be reported to the Club Secretary immediately. Give your name and insurance details to the third party but do not admit any responsibility. Obtain details of any third parties involved and or injured, eye whiteness and any supporting evidence.

Day Guest Membership and providing an experience session - Cefn Sidan (Pembrey) and Pendine Only

As a member of the CLSC you are allowed to sign in a non-member for a day membership. You will be considered responsible for the guest during the day. You must ensure they understand and abide by the appropriate club rules, regulations and the requisite health and safety information.

They must complete a day membership form which must be countersigned by yourself before going on the beach. They should also sign in to Sailing Log Book replacing the CLSC membership number with the words "Day Membership". The original forms and day fees must be sent to the Membership officer.

When giving guidance to an inexperienced pilot you must ensure that they complete a risk assessment form, are under your instruction at all times and must not sail unsighted.

Current guest membership is on a daily basis and limited to two days per person per calendar year. To continue to sail beyond two days per calendar year the guest member must apply for Full Club Membership.

Important Safety Rules Whilst Sailing Relating to Other Beach Users

- Consideration must be given to other beach users at all times.
- At slow speeds (10 - 15 mph) it is safe to pass within 5m of pedestrians, provided they can see you approaching.
- Unsighted pedestrians should be avoided by 20m minimum.
- At higher speeds, all pedestrians should be avoided by 20m minimum; 50m if the pedestrians are unsighted.
- All horses should be avoided by at least 100m. If this is not practical, sand yacht should be stopped & tipped over to minimise the appearance of the sail & stop it flapping, until the horses are at least 100m distant. Similarly kites should be dropped onto the beach & deflated.
- Dogs when off the lead and can easily out run a slower moving craft and are easily run over by the rear wheels. Section 4 paragraph 6 offers some solutions but are not exhaustive. Best to avoid or if unsure stop.

Further details can be found Section 4 General Sailing Risk Assessments of the CLSC Hand Book

Use of Club Equipment and Container at Pembrey

Over the years the club has invested heavily in a new container housing land sailing and family meet equipment. Whilst this is all covered by our insurance it is important that the container is secured at all times.

Please ensure that the container is kept clean and tidy and that all equipment is stored correctly. The Club accept that equipment can be damaged during activates, please report any damage immediately to a member of the committee. Providing that the damage was an accident there will be no costs attributed to you and the equipment can be repaired and/or replaced for the enjoyment of other as soon as possible.

CLSC Members Forum

All ongoing club discussion and announcements are via the club website, forum and Facebook page, to get the most out of your membership, or to sign up for club weekends and to find out what is going on, please go to www.clscuk.co.uk, Queries can be addressed on the club forum or by email to either chairman@clscuk.com, secretary@clscuk.com, treasurer@clscuk.com, membership@clscuk.com or you can call a Committee Member on 07790 026546
